1.0 SCOPE OF WORK

1.1 Problem Description

COLLOGICAL

The Arizona Department of Transportation (ADOT) hereinafter referred to as Department; 1.1.1 Arizona Transportation Research Center (ATRC) is seeking the services of a qualified firm or individual (hereinafter referred to as Project Researcher). From project scoping through the Department's initial investigations into project viability, the public receives its first opportunity to review and comment upon potential projects. This exposure forms a first impression of the Department's professionalism; its accountability toward accepting desired design concepts; and setting an appropriate standard for final design and, ultimately,

construction. Needed is a more refined and consistent approach for seeking public involvement and for positioning the Department as an accountable professional services provider dedicated to bettering Arizona's transportation systems and its citizens' quality of life through extensive public information and community relations programs.

1.2 <u>Project Objectives</u>

- 1.2.1 Identify how the Department's customers are introduced to potential future projects by defining the roles of Pre-Design Project Managers, Environmental Planners and Engineering Consultants.
- 1.2.2 Identify types of public notification and methods used to gain and implement public involvement as project development advances prior to the initiation of final design to specifically determine how the Department's customers are to remain informed and involved during the process.
- 1.2.3 Determine the potential benefits of assigning a full-time Public Information Project Manager to conduct customer relations during the initial stages of the project introduction and the concomitant public involvement process that occurs prior to initiation of final design.

1.3 Approach and Work Plan

00110----

- 1.3.1 This project will be undertaken by means of hiring one or more persons to work on a part time basis for approximately twelve months. Ideally, this project would commence in July of 2004 and conclude by June of 2005.
- 1.3.1.1 Task 1: The Project Researcher shall present an outline of a work plan. Intermediate deliverables shall be identified in the work plan and any progress payments associated with these deliverables shall be specified. The Technical Advisory Committee (TAC) will review the scope of work and work plan. At this time, any revisions needed shall be made. Deliverable: A work plan acceptable to the TAC.
- 1.3.1.2 <u>Task 2</u>: Review existing literature on Pre-Design communication processes. Extract relevant information and summarize its implications for meeting Department needs. Deliverable: Document the findings in a manner that is acceptable to the TAC and which shall be suitable for inclusion in the final report.
- 1.3.1.3 <u>Task 3</u>: Survey/interview relevant Department staff to determine the knowledge, skills, and abilities required of Public Information Project Managers. **Deliverable**: Document the findings in a manner that is acceptable to the TAC and which shall be suitable for inclusion in the final report.
- 1.3.1.4 <u>Task 4</u>: Conduct a Public Information Project Manager job analysis and develop the job description and job specification. **Deliverable**: Document the findings in a manner that is acceptable to the TAC and which shall be suitable for inclusion in the final report.
- 1.3.1.5 Task 5: The Project Researcher shall submit a Project Final Report and a four-page Research Note to ATRC. The Final Report shall contain the data and explanatory narrative sufficient to document the Project goals, scope, methods used in the research, activities and issues, results, recommendations and all other requirements specified in this Solicitation. The Final Report shall include suggestions on how to implement recommendations made. Electronic copies of the Final Report shall be provided in mutually agreed upon formats. The Final Report shall conform to the version of the ATRC document, Guidelines for Preparing ATRC Research Reports, which is in effect at the time this Contract is executed. At the Project Researcher's request ATRC will provide a printed or electronic copy of the Guidelines or the document may be found on the Internet at:

http://www.dot.state.az.us/ABOUT/atrc/rptguide.htm. The four-page Research Note serves as an executive summary for the project. It must be written in a concise manner with an emphasis on the research need, project goals, and key results, conclusions and recommendations. ATRC will provide format samples and guidelines for this document, which will be both printed and posted on the Internet. The Project Researcher is responsible for correction of deficiencies in the Final Report that are identified by the Project's Technical Advisory Committee, the Federal Highway Administration or ATRC. The Project is not considered complete until Report deficiencies are corrected. Contractor should include report preparation and revisions as part of the work scope for this Solicitation. Deliverable: A final report that is acceptable to the TAC, Federal Highway Administration (FHWA) and ATRC.

- Task 6: Provide a brief presentation to the Research Council or another audience 1.3.1.6 designated by the TAC. This presentation shall include such visual aids as necessary or useful in portraying the information content of the research. Copies of the final report and any handouts of other information shall be distributed to members of the Research Council at this presentation. Deliverable: A final oral presentation that is acceptable to the TAC.
- 1.4 Project Researcher Responsibilities

602-712-8647

- Conduct the research in accordance with ATRC guidelines. These guidelines can be found 1.4.1 at http://www.dot.state.az.us/ABOUT/atrc/Research/Guidelines_html.htm. previously published ATRC reports illustrating the type of final product required can be found at http://www.dot.state.az.us/ABOUT/atrc/Publications/SPR/SPR_Reports.htm.
- Respect the confidentiality of the Department's data—using any confidential information 1.4.2 solely for the purposes of this research project.
- 1.4.3 Submit periodic progress reports that summarize work to date and include a copy of appropriate deliverables (for example, bibliographies, research notes, partially completed text, tables or graphics). Frequency of progress reports shall be determined and mutually agreed upon at the time the work plan is approved.
- 1.4.4 Submit invoices for payment purposes. These invoices shall accompany the periodic progress reports and shall be for amounts commensurate with tangible accomplishments of the project. The Project Manager shall provide sample format for invoices.
- 1.5 TAC Responsibilities
- Provide guidance to the project by making timely responses to any relevant questions 1.5.1
- Assist in obtaining access to any official data, records, or information needed for the 1.5.2
- Review progress reports in a timely manner to provide feedback and ensure that the project 1.5.3
- Review and approve (if satisfactory) the final report. 1.5.4
- Provide reasonable assistance in the oral presentation to the Research Council or other 1.5.5
- 1.5.6 Make the best effort to implement recommendations that would be beneficial to the Department or other government agencies and/or the traveling public.

1.6 Project Manager Responsibilities

602-712-8647

The Project Manager shall provide general direction as necessary and be responsible for all 1.6.1 decisions pertaining to the work on this project, including processing invoices and reporting
